## Big things are happening this weekend, and Denali Alaskan is in on the fun!

Join us this weekend for TWO big events! Both are free admission, so stop by and say hello to your friends at Denali Alaskan as you enjoy activities around Anchorage!

The first event is [The Great Alaska Aviation Gathering](#), which will be held at the FedEx Maintenance Hangar at the Ted Stevens International Airport on Saturday, May 4, from 9am to 5pm, as well as Sunday, May 5, from 10am-5pm. Now in its 15th season, this is Alaska's premier, must-see aviation event with over 21,000 people attending each year! Discover industry trends, learn about new products and safety equipment, and enjoy live presentations and demonstrations.

As if that wasn't enough fun for one weekend, we will also be celebrating Motorcycle Awareness Month by participating in the [Bike Blessing and Gathering 2013](#)! Join us at the Delaney Park Strip downtown on Saturday, May 4, from 10am-3pm, for a fun, family-oriented event with kid's activities, dozens of booths from local non-profits, food vendors, bike demonstrations and a huge gathering of motorcyclists!

Don't miss out on what is sure to be an exciting weekend in Anchorage. We look forward to seeing you at both events!

**Credit Union Members Enjoy Low Fees**

In today's credit crunch, more consumers are fighting back against the high transaction fees charged by their banks. But credit union members have a much more effective way of influencing fees and other charges--as member-owners, you keep fees down simply by using credit union services. The more services you use, the more cost-effective all services become. And credit union fees are low to begin with, because credit unions are not-for-profit cooperatives that return income to members in the form of lower fees and loan rates and higher savings rates.

Here are some examples of how credit unions benefit their members from CUNA's Economics and Statistics 2012 report:

\*The average interest rate for a credit card from a credit union was 1.57% lower than a bank's interest rate, 11.65% compared to 13.22%.

\*Money market accounts at credit unions earned an average interest rate of .24%, while the same accounts at banks earned .16% interest.

\*A credit card late fee at credit unions is on average \$10 less than the fee banks charge. [Read More](#)

### Tip: Debit Cards

Millions of consumers enjoy the convenience of debit cards instead of checks.

But when you use your debit card, save your sales slips and record all transactions in your share draft/checking account register as soon as possible.

That way you'll avoid overspending and costly overdraft fees.
